

In celebration of a very special creature – Lin Brice gets a sneak peek at **'My Year With Hares'** by Martin Hayward Smith

Martin Hayward Smith on location with Ray Mears

As he is variously described on the Internet and in print, Martin Hayward Smith is a wildlife cameraman and director, a photographer and an author. This description however, does not capture the true essence of a man who really is at home in the natural world. His new book displays this access to special moments that us mere mortals fail to see, including his adoption of an orphaned leveret that he took home, raised and released. From searching the fields around his Norfolk home to living in close quarters with his young leveret this book offers a fascinating insight into one of the country's best-loved animals. Enjoy!

'My Year With Hares' will be launched on Saturday October 18 between 6pm - 9pm at Binham Village Hall, Warham Road, Binham NR21 0DQ. Martin will be signing books and all are welcome.
